Class of 1960

This class, the largest in the school, is divided among 15 homeroom teachers. Initiation ceremonies were held for 420 freshmen in the boys' gym as a Student Association program on Friday, Sept. 21, 1956.

At the end of the first semester 53 of these freshmen had established a perfect attendance record, while 28 of them had no mark below a "B" for the final grade.

On Friday, March 1, 1957, the ninth graders took to the stage again. This time they presented a freshmen variety show.

Mrs. Julia Antonowicz teaches English to frosh and to sophomores. She is one of the original sponsors of the National Honor Society.

Mr. John Bielat, coach of the golf team, is also a teacher of English and Latin. He is the sponsor of the "H" Club.

There's satisfaction in meeting a challenge

Working at Edison, there's challenge in the very air you breathe. It's logical. This is a growing company in a growing industry. And growth always creates problems. This is also a pioneering company, constantly challenging the accepted ways of doing things.

Challenge, opportunity, progress . . . they're like steps. The steps that lead to a satisfactory career. And advancement within the company is the standard practice rather than the exception.

We have heard it said that Edison is a good place to work. True! One of the reasons that makes it so—particularly for high school graduates entering the business world for the first time—is that Edison people are friendly, sympathetic and helpful.

If you reside in metropolitan Detroit, we invite you to visit our Employment Department, 2000 Second Avenue. Elsewhere, job application forms are available at any Edison customer office.

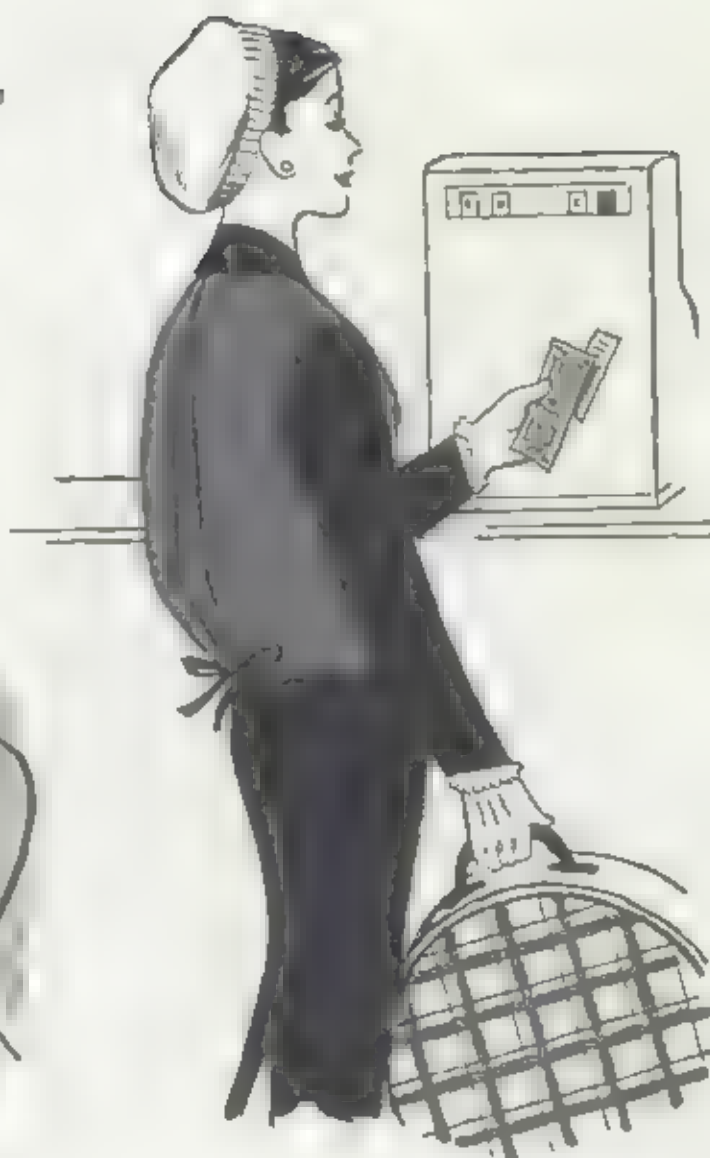

THE DETROIT EDISON COMPANY

"There's a girl
I'd like to know"

"She has so much poise and confidence—I'll bet she works for the telephone company. Those girls are so attractive and have such friendly, pleasant manners."

They're talking about Lucy, who started working for Michigan Bell right out of high school. She was trained with other beginners by friendly, understanding supervisors. Today she's proud of her work; enjoys a fine salary, regular wage increases, and many new friends.

Lucy was delighted from the very first by the clean, pleasant surroundings, by the regularly scheduled mid-morning and midafternoon "breaks" for relaxing in the company's comfortable lounge rooms, and by the opportunities for advancement.

Isn't that the kind of job *you* want? Then why not get in touch with us now? We'll be happy to tell you more about the variety of interesting jobs from which you can choose after graduation.
